

# Glassboard

## Lumiere

Designed to blend seamlessly with any décor, the eco friendly brilliant white and ultra clear glassboards simply communicate, naturally. CONTEMPORARY – alternative to traditional whiteboards highlighted by the translucency and elegance of premium glass. QUALITY – toughened safety glass, non-porous surface will not ghost or stain and works with standard dry-erase markers. FRAMELESS – tempered glass is borderless to create clean lines, uncluttered and ultra modern appearance. STYLISH FIXTURES - float the board 20mm off the wall STARPHIRE GLASS - is completely clear as most of the iron oxides have been removed - helps eliminate colour distortion. Glass boards are made with 6mm toughened safety glass with rounded corners . They are dry erasing, stain free and include stainless steel fittings. As the standard glass option may have a slight green tinge, due to the presence of iron oxides, a starfire glass finish is available which ensures that 100% colour accuracy is achieved.
