## **UR™** Folding Table

**UR folding** tables provide a tilt top nesting table for workplaces that demand flexibility such as boardrooms and training rooms that require constant reconfiguration.

### **Features**

**UR folding™** tables can quickly and easily be tilted, moved and stored.

**UR folding™** tables are fitted with lockable soft tread castors.

**UR folding** tables comes standard with a linking system so tables can be joined together.

**UR folding™** offers a complete 'family' of standard table options.

### **Environmental Features**

**UR folding™** is a carbon neutral product.

**UR folding™** table base has been designed for 100% disassembly ready for recycling.

**UR folding** has been designed with the environment in mind. Life Cycle Assessment (LCA) were commissioned to determine the most appropriate materials to achieve the desired finishes. Components produced from materials such as die cast aluminium have been designed using Finite Element Analysis (FEA) to ensure the strongest structure whilst eliminating excess material.

### **Options**

**UR folding** standard finish is chrome or black posts with polished aluminium feet. Optional colours are also available.

**UR folding** offers two different foot sizes to accommodate tables from 600mm - 1000mm wide.

**UR folding** optional mesh modesty panel provides privacy for the user.

**UR folding** offers an optional work top support system that is sold separately to allow small work surface pieces to be joined to existing tables creating

additional space in training situations and temporary work areas. The system is sturdy and easy to assemble, with components manufactured from steel and a high grade plastic for improved load capacity.

### **Certifications**

- \* GECA Certified
- \* LCA (Life Cycle Assessment)
- \* ISO 14001

### **Warranty**

10 Years

### **Lead Time**

10 - 15 Working days

### **Brand**

Thinking Ergonomix
